Dear Ms. Trowbridge and Mr. Miller:

On November 13, 2018 you received a report titled “Southern Property Boundary/South Plume Areas Supplemental Remedial Investigation and Interim Groundwater Remediation Report.” On February 11, 2019, revised pages of the report text that addressed comments from the Pennsylvania Department of Environmental Protection (PADEP) and the United States Environmental Protection Agency (USEPA) were transmitted via email. The revised report was subsequently approved by PADEP in a letter dated February 11, 2019 and by USEPA in an email on February 13, 2019.

This submittal provides the revised version of the report dated February 2019. For those that were originally sent hard copies of the report, I have included a complete set of the text that was modified. I have also included revised Cover Pages and Appendix Cover Pages. I ask that you replace the old pages with the new pages that have been modified. Note that the tables, figures and appendices in the original version of the report were not modified.

For those that were sent electronic versions of this report, I have enclosed a completely updated version for your use.
