Re: Draft Supplemental RI Soils Report-fYNOP

Dear Sharon:

Science Applications International Corporation (SAIC) is transmitting to you one copy of the report titled "Draft Supplemental Remedial Investigations Soils Report – Former York Naval Ordnance Plant" dated December 2009. Each copy consists of Volume 1 – Text; Volume 2 – Figures; and Volume 3 – Tables. Also included in Volume 1 is a compact disc (CD) that contains the text, figures, and tables. In addition, the CD contains Volume 4 – Appendices, which are not provided in hard copy. Copies are distributed as recorded under the cc: below.

Recipients of the report that wish to gain access to the fYNOP ARC-IMS web site that contains the chemistry data base and interactive maps should send the names of the reviewers to me. The address, instructions, and passwords will be provided for those individuals.

Very truly yours,

SCIENCE APPLICATIONS INTERNATIONAL CORPORATION

Stephen M. Snyder, P.G.
Program Manager
